STARON®
A PREMIUM SOLID SURFACE MATERIAL
DURABILITY, COLOUR VARIETY, DESIGN WITHOUT LIMITS

STARON® Solid Surfaces is an acrylic-based material made of natural minerals. Just as decorative as natural stone, but with all the advantages of a solid surface material. As it is solid and non-porous, it can be processed three-dimensionally, offering architects and designers maximal freedom. Although STARON® incorporates all important qualities of stone, it can be worked by carpenters in a similar way as hardwood. Unlike stone however, STARON® feels warm and pleasant to the touch.

With its many advantages and versatile application possibilities, STARON® is a convincing contribution to the private, commercial and medical sectors alike.
Combining a stunning appearance with outstanding practical qualities, Staron Solid Surfaces are truly revolutionary surface materials. Staron offers an impressive range of solid, metallic and natural stone effect surface designs suited to any interior scheme. They provide a smooth, grout-free surface, and their solidity ensures that both colour and detail run right the way through the thickness of the material, meaning that drainer grooves, edge profiles and cutout shapes can be applied seamlessly.

Displaying a graceful and delicate pattern, Staron Solid Surfaces evoke the natural character of stone while offering all the practical benefits of a solid surface. For those looking to create a warmer scheme, Staron is the ideal choice and perfectly suited to any type of residential environment.

Drawing on the latest interiors trends, Staron’s wide range of exquisite, smooth and colourful surfaces add an exciting pop of colour to your home. The speckled structure of the high-density Staron surfaces lends kitchens a subtle note of colour, creating texture and depth – suitable for a wide range of interior design schemes.

Designed with modern living in mind, the Urban Series collection from the solid surface specialists Staron introduces an effortless urban chic to interiors. Eleven exciting colour options are available, inspired by the wave of contemporary industrial design trends that have captured the world of interiors. Opt for Steel to conjure up an on-trend industrial feel or select the softer and more detailed Ash Concrete to create a subtle urban style.
NEW COLOURS

Designed with modern living in mind, premium solid surface brand, Staron has introduced seven new colours to its collection. Inspired by contemporary design and interiors, the new surfaces offer a refined finish that's guaranteed to enhance any residential kitchen, bathroom or commercial space.

Neutral, yet eye-catching, each new colour from Staron features intricate, considered detail. From the unfinished, industrial look of Supreme Ash Concrete, to the contrasting flecks of Terrazzo Venezia, each new shade combines a stunning appearance with outstanding practical qualities. Opt for the wash-effect shades of brown, ash and white in Supreme Concerto for a unique worktop designed to make a statement, or choose Supreme Flux for a bright, yet subtly mottled surface. Pebble Tearose, made from Staron’s most popular sandy stone shades, features a multitude of flecks for a more textured appearance, whilst Sanded Mint and Sanded Iceblue offer a more vibrant choice, perfect for the healthcare sector due to their translucent characteristics.
